You hear a lot in Missouri about the Constitution, and there are a lot of armchair experts. The 2nd Amendment is a really hot button, but the rest of it is cited a lot, too. I'd just like to understand what's really there - not just the interpretations regurgitated from watching the Glenn Beck show...

I also love the Coursera classes, because I can download the lectures to my tablet and watch them while waiting for my kids to finish karate class.
